

HEYTESBURY CE PRIMARY SCHOOL
NEWSLETTER
17th May 2019

Dear Parents

We had a wonderful time during our 'Beetle Drives' last Friday. The children worked in teams during the afternoon – it was lovely to watch the older children support the younger children. It was over to the adults in the evening, with many laughs and a very competitive spirit with some! £190 was raised – this will go towards our new reading books.

Our next school and Hedgehogs' community/fundraising event is HEFA's Quiz Night – Sunday, 2nd June, The Red Lion, Heytesbury – don't forget to book a table for your team.

You may be aware that our KS2 choir have won the West Wiltshire and Swindon School Choir competition and so will be performing at Marlborough College for the opening of a sports event. This Monday, we will also be visited by the CEO from the Sports Partnership who will present the school with a £100 Amazon voucher. This will be used to purchase ukuleles, for the ones we currently use with Badgers Class are borrowed. Well done to our KS2 singers!

We are having a whole school RE / spirituality week next week linked to our Christian value of 'creation'. We will also work on producing our school vision vessel.

Have a relaxing weekend.

Mrs Godfrey & Team

We are a 'nut-free' school

Please, please remember we are a nut free school for we have a child in the school and another in Hedgehogs who have severe allergies – not only can they react to eating nuts, but if they touch something where nuts have been or if they touch someone's hands if that person has been handling/eating nuts. In lunch boxes the children cannot have peanut butter or Nutella sandwiches; any Nutella type bars/treats; cereal bars or pesto pasta (pine nuts). We also request that cakes donated for any event do not contain nuts or are decorated with nuts. We thank you for your support with this.

SCHOOL DIARY — TERM 5

May 17th – Foxes Cake Sale

Heytesbury0519). Please ensure your order is
placed by May 31st. If you have any queries
please email david@davidmcgirr.com. Orders
will be delivered to school.

Learning Corner

Badgers:

This week, the year 4s have been working together with the year 5s. They have been finding the area and perimeters of various shapes and revising formal methods used to add, subtract, multiply and divide. They have been working out various fraction and negative number problems that were given in Roman numerals. The Year 4s will be revisiting statistics on Monday and will be assessed on this terms statistics learning next Tuesday

Foxes:

This week in Foxes, Year 2 have completed their SATs paper - they should be very proud of themselves. In English, we have been writing a recount of our trip to Stonehenge while in maths we have been recapping shapes. Year 3 have been learning about different types of lines and how they can make angles. Foxes class have also been learning how to use our new laptops. It was very exciting!

Otters:

This week, Year 1 have been learning that English words hardly ever end with the letter v, so if a word ends with a /v/ sound, the letter e usually needs to be added after the 'v'. They also wrote postcards from Antarctica. EYFS children enjoyed learning outside and recording the objects they could see. In maths, we investigated the sequences made by adding a 2-digit and a 1-digit number. We also began to subtract a 1 digit number from a 2-digit number using our subtraction facts. In Maths, the EYFS have been using grouping into 10s and 5s to help them count larger numbers of objects. In geography, we were all learning to name the main oceans and year 1 labelled their play dough maps of the world.
