Over the past few years, the results in Key Stage 2 have been very good with progress data placing us amongst some of the best schools in the country. This year's results represent the best 'headline' outcomes we have ever achieved in the school, and we are hugely proud of our amazing year 6 children. They approached this year with such diligence, resilience and maturity. Their attitude and hard work have resulted in such great outcomes.

Whilst we would like to thank the year 6 staff team for their tireless efforts in Badgers Class this year, it is important to remember that it takes seven years of education and a smoothly running school in order for children to be able to achieve so well, so the success is that of every member of staff. It is also that of the family and friends of the children as well as the children themselves. Well done to all.
