Dear Griffin Parents/Carers

Visit to Science Museum—November 19th 2018

Griffin class are thoroughly enjoying our Stargazers topic. They are very enthusiastic and to enhance this we would like to take them on a visit to the Science Museum in London. We have planned a very busy and engaging day. The children will have the opportunity to visit The Sun: Living with our Star Exhibition, the Hubble 3D IMAX film and we will explore space in The Object Gallery.

The exhibition and IMAX film have a cost attached to them. However we have tried to keep the overall trip cost as low as possible and therefore have decided to travel to London on the Underground. We will have a higher than usual ratio of adults to children for this trip. As a minimum it will be one adult to four children. We would like to arrive at The Museum as close to 10am as possible. Therefore we would like children to be dropped off at Chalfont and Latimer Station at 0815, where we will meet you at the station entrance. To make the most of the trip we will also extend our day slightly and would ask you to collect your child from the station at 1615.

All children must bring a packed lunch and water bottle that they can carry in a small bag on their back. We hope there will be time for them to visit the Museum shop and therefore they may bring some spending money. However we ask that children bring no more than £10, which they will be responsible for.

A voluntary donation of **£14.60 per child** is requested towards the cost of the transport, admission and insurance. Had we travelled by coach the cost would work out as £25.70 per child. No child will be refused from going on the outing through financial hardship. Please contact the office if you need assistance.

Please complete the permission slip below and return by **Monday November 12th**.

Kind regards

Mrs Tillyer & Mrs Wilson
Griffin Class Teachers
