

Home Learning Opportunities for Pemberton Class – wb 20/4/20

Please see below some additional ideas for activities to do at home.

As before, not all activities will be appropriate for all students. Please feel free to choose relevant activities for your child.

Maths

This term in Maths the focus is on money and time.

- Sorting money from piggy bank/change jar – by type of coin, by colour, by size, by shape.
- Which coin do you have most of?
- Identifying and sequencing coins/notes by value.
- Create a shop at home. It could be a shop for snacks or toys or screen time. Create a price list eg.10p apple, 15p biscuit, 20p per 5 minutes screen time, £1 Lego. Give your child real money. Each time they want a snack or a toy or to watch TV, etc they have to 'buy' it. You can give them a budget and once it's gone, it's gone!
- The following online activities may be useful:

<https://www.topmarks.co.uk/money/toy-shop-money>

<https://www.topmarks.co.uk/money/coins-game>

English

Free access to ebooks to help develop reading and phonics skills:
