

Roskear Primary and Nursery School

Learning together for a better future

19th October 2020

Dear Parent/Carer

We know that during the school closure last term it was difficult for many of you to continue to teach your children at home. You have told us that lack of laptops and internet connections were a big challenge for lots of families.

The government have told us that they will make laptops available for some pupils if the school or a bubble closes in the future.

Only children who receive free school meals **and** don't have a laptop or tablet that they can use will be provided with a laptop to use at home whilst the school is closed, so that the children can keep learning.

We need to know:

- Whether your child / children have sole access to a device that they can use for remote learning. We think that a suitable device for remote learning would include a laptop / desktop computer, tablet or Chromebook NOT a mobile phone.
- Whether you have broadband at home and if it is suitable for doing remote learning on.

Please could you complete the linked survey <https://forms.gle/QqEoHPj4gP4rbYzU9> by Wednesday at 3pm so that we have the information we need to order the correct number of laptops.

Please do not complete it if your child/children are NOT in receipt of free school meals.

Kind regards

Nic Furnish
Headteacher
