Dear parents,

We have had a very busy week in school this week with many learning visits taking place. Year 3 and Year 4 have had cycling lessons with bike ability which has looked like a lot of fun. Again, we would like to thank all the parent helpers that support us on trips. Without you, many trips would not be able to take place.

We have another busy week coming up with many visits and events taking place in and out of school. We will also have our termly Good Behaviour Reward next week, an event which rewards children who display consistently good behaviour in all aspects of school life. Just a reminder that the school’s phone number has changed to 0207 186 015.

Yours faithfully,

Brendan Shanahan

Learning visits

Year 4 – Tate Britain

Year 4 visited Tate Britain on Wednesday to see the Steve McQueen exhibition which is an installation of 3000 photographs of London’s Year 3 pupils, a photo taken last year. We searched for our class photo and finally found it. We also were able to explore the other galleries and become an artist for the day.

Year 3 – Science Museum

On Monday, Year 3 went to The Science Museum. They tried out lots of experiments in an interactive space called The Wonderlab. There were tests to find out more about materials, sound, light and lots of other topics that we learn about in school. They also attended a show called Crash, Bang, Wallop which taught them about the fire triangle and experimented with oxygen, heat and fuel to create various explosions and exciting big bangs!

Reception – Fire Station

Reception had a fantastic visit to Chelsea Fire Station to coincide with their current topic on ‘People who help us.’ The class met many fire fighters, sat inside a fire engine, tried on their uniform and even sprayed water from their hoses. The firefighters demonstrated different types of equipment they use to save people, such as: an infra red camera that detects movement and heavy machinery that can cut vehicles. Reception learnt to dial 999 in an emergency.
