## CONTACT DETAILS

Please do keep your contact details up to date with the school office, including email addresses and new mobile phone numbers. Please also remember to update us if your child's emergency contact details change or if pupil medical needs change.

## RISK ASSESSMENT

The school covid-19 risk assessment has been updated (changes in green) this week taking into account the colder weather now as autumn begins. The updated risk assessment is on our school website and any changes/updates have been written in green. We ask for the help of parents and carers to keep our community safe by following government guidelines in playgrounds and community areas outside of school.
