Dear Resident,

**Re: consultation on the initial design proposals for the expansion of Greenvale School on Mayow Road.**

I am pleased to invite you to a consultation event on the initial design proposals for the new Greenvale school on the former Brent Knoll School site, Mayow Road, Forest Hill SE23 2XH. The expansion of Greenvale School is increasing Special Educational Needs and Disability (SEND) provision within the borough, which is one of Lewisham Council's key priorities.

The event will provide you with an opportunity to find out about Greenvale School, view and comment on current building proposals. Details of the consultation event are:

**Date:** Saturday 9<sup>th</sup> March 2019

**Time:** 10.00am-2.00pm

**Location:** Main Atrium - Forest Hill School,  
Dacres Road, Forest Hill, London, SE23 2XN

You may also be aware that there are proposals to redevelop Mayow Road Warehouse (directly opposite the former school) into new Council homes. This project is unrelated to the school expansion project and is being led by colleagues in the Council's Strategic Housing team. These officers will be holding a public consultation event at the same time and location to discuss these proposals. You may have already received a separate letter about this, but should have any questions ahead of this, please contact: Mr Andrew McVitty, Housing Delivery Manager, 020 8314 2210. [Andrew.mcvitty@lewisham.gov.uk](mailto:Andrew.mcvitty@lewisham.gov.uk).

If you require any more information on the Greenvale School Expansion Project please get in touch via the contact details provided, otherwise we look forward to seeing you on the day.

Yours sincerely,

**Francesca Kellaway**  
**Project Manager**
