Stars of the Week

Drake: Year 5!
Lewis: Kate
Seacole: Albie
Darwin: Millie

Learning Powers - Golden Leaves

Drake: Lelan
Lewis: Beau
Seacole: Joe
Darwin: Sophie

Message from Sarah Price

Welcome back! I hope you all had a fantastic half term and got to spend some quality time with your family.

Parents evening is fast approaching so please book a time to meet your child's class teacher by signing up on the sheets by the office. This is an opportunity for you to look in books and discuss your child's learning and we hope all of you can make it!

There is lots about the coronavirus in the news at the moment so I am sharing the advice from Devon County Council and Public Health England. Please see link for more information.

<https://www.devonnewscentre.info/coronavirus-advice-from-public-health-england/>

First Steps

We have made a few changes in the room during the half term break.

We now have a new registration/lunch choice area as well as lunch time and snack time helper boards and a home reading /library area. Wow that is a lot of exciting new things in the room! Thank you to the parents and careers who have contributed to the children's home interest board. It is by my desk if you still haven't seen it.

Some new events and activities this term will be cooking club, stay and play and the MYSTERY reader.

Reception

Darwin class have enjoyed starting their new topic, 'Once Upon a Time'. They've been immersing themselves in the fairy-tales of The Gingerbread Man and Three Billy Goats Gruff, learning lots of story language! We've also come back to learning our numbers 1-20, practising writing and counting them ready to do addition and subtraction. It has been a lovely first week back!

Years 1 and 2:

We have come to the end of our first week back from half term! This week we have started our new theme for the rest of year 'Around the world' and our first topic, seasons. We have read the story of Serene's Seasons and discussed the different weather and activities that are associated with each season. Then we created a collage hat represented the four seasons!

Years 3 and 4:

We are all very excited about our new interactive board that has arrived this week! We have been using it to solve maths problems within our current learning about perimeter.

Years 5 and 6:

This week the Year 6 children were busy working with Miss Price on SATs revision and they also used our new laptops to create a slide show of their science learning. The Year 5 children travelled to London for their 3 day residential. Whilst there, they visited the Natural History museum, Science museum and museum of London. They also took in a show in London's west end and were amazed at the costumes and songs of The Lion King. Mr Snow and Miss Salter were really impressed with their enthusiasm, politeness and for being inquisitive. A big thank you to Hemyock School for organising this truly amazing trip. Please check the website for pictures from the residential under the news tab and then in the February folder.

If you need to contact your child's class teacher, please email sampford@ventrus.org.uk or phone and they will get back to you.
