

Mill Lane Community Primary School & The Windmill Community Nursery

Growing, Thriving, Flying

Monitoring and Evaluation Policy

Introduction

At Mill Lane community Primary School and The Windmill Community Nursery, we plan teaching and learning with a view to enabling each child to seek the highest level of personal achievement. Our school development is informed by our Self Evaluation / Raising Achievement Plan (SEF/RAP). To ensure this happens, we regularly monitor the actions we have taken, so that we are in a position to make a judgement about how effective these actions have been. This gives us information on which we can base future decisions about the development of our school.

Monitoring

Monitoring is the means by which we gather evidence. We do this systematically across a range of activities within our school and this evidence allows us to evaluate the impact of our actions and progress towards our targets.

We believe that effective monitoring should:

- Promote excellent learning and teaching throughout the school;
- Ensure excellent planning and delivery of the curriculum;
- Identify the strengths and needs for professional development;
- Offer an opportunity to celebrate success and make progress;
- Provide information to support self-evaluation;
- Ensure consistency throughout the school;
- Ensure that every child is making good progress and is appropriately challenged to reach their full potential.

Evaluation

Evaluation is the judgement on the effectiveness of actions taken, based on their impact on the quality of children's learning. Monitoring and evaluation in our school is part of a thoroughly planned process that involves a range of stakeholders over the course of an academic year.

At Mill Lane we follow a planned cycle of school self-evaluation. This ensures that all aspects of the school's performance are systematically and regularly reviewed as part of an annual cycle.

A timeline for subject leaders outlining monitoring and evaluation is in place. This is used to inform our whole school monitoring and evaluation process.

Monitoring & Evaluation Roles and Responsibilities

Senior Leadership Team

It is the job of the Senior Leadership Team to ensure all staff, Governors and stakeholders understand that the purpose of monitoring and evaluation is to enable Mill Lane and the Nursery to develop and improve.

To ensure this it is the SLT's responsibility;

- To identify areas that needs to be monitored;

- To delegate monitoring and evaluation activities to the appropriate level with clarity of expectations and outcomes to be achieved;
- To carry out monitoring and evaluation activities which cannot be delegated and are the responsibility of the Leadership Team (e.g. Teacher Appraisal, budget monitoring);
- To ensure that the data generated from monitoring and evaluation is collated, analysed and is used to review progress, recognise achievement and inform future planning;
- Report to the appropriate audience, including the Governing Body, on what the data is showing and how the information can be used to best advantage;
- Ensure that pupil performance data is collected, analysed and used to inform target setting.

Subject Leaders

Subject leaders ensure that colleagues and team members understand that the purpose of monitoring and evaluating is about recognising achievement and areas for development; and they carry out those monitoring and evaluation activities which are delegated to them as part of their roles and responsibilities.

The Governing Body

The Governing Body agrees, in consultation with the Head Teacher, the areas which need to be monitored and evaluated.

It is also their responsibility to;

- Support and reinforce the view that the purpose of monitoring and evaluation is to enable the school to develop, recognise achievement and sustain continuous progress;
- Receive monitoring and evaluation data at agreed times and in the agreed format in order to review the information and consider its implications;
- Use a summary of some the monitoring and evaluation data to inform parents about the school's progress and performance;
- Ensure that monitoring and evaluation are used to establish realistic targets for continuous improvement and school development.

The Governing Body have their own Governing Body visit policy which details, how and when Governors work alongside SLT to monitor the quality of standards.

The Quality of Teaching

The Head Teacher (HT) and SLT observe all teachers working with classes at least twice per year. The focus is linked to the SEF/RAP, performance management/teacher appraisal of the teacher or an agreed whole school issue. The teacher and the observer follow the observation with a discussion. The observer notes the strengths and areas for development, and gives a copy of this information to the teacher. The Senior Leadership Team (SLT) builds the development points into the school's continuing professional development programme and SEF/RAP. Other teachers also take part in classroom observations as part of their continuing professional development. This is always agreed with the teacher being observed.

A Local Authority Advisor meets with the Head and Deputy Head Teacher (DHT) to monitor the quality of teaching and learning as appropriate, but at least annually. These visits support schools' ability to identify whole school strengths and weaknesses and this forms part of the SEF/RAP. Monitoring activities for support staff are agreed according to identified need or areas for development. This is part of their performance management structure and/or as part of the school improvement process.

The Quality of Children's Learning

Staff gather evidence about the children's attitudes to work and the standards which they are attaining in lessons. SLT, Governors, coordinators will find out the pupils' attitude towards learning through 'pupil voice' interviews with the children. This evidence will be discussed at whole school and individual progress

meetings. It will help us to make evaluations about the impact of the SEF/RAP and continually develop the school improvement process.

The Standards Attained by Children

SLT and staff gather evidence about standards and where appropriate carry out scrutiny of the children's work. This involves the sampling of children's work including those below age related expectations, in line with age related expectations and above age related expectations within each class, this sampling of work will also include examples from children in a variety of identified vulnerable groups e.g. pupil premium, gender, ethnicity. Staff will use the evidence of this to inform teaching and learning and future planning. Outcomes from standards monitoring will be used by SLT to set priorities for school improvement.

The Quality of Teachers Planning

Planning is monitored by the SLT and Wider SLT at least once per term. The HT/SLT members record any common issues and pass on information about these to the teachers and adjustments are made as appropriate. Long term planning is reviewed on an on-going basis to ensure curriculum coverage and according to the interests of the pupils. Judgements from the monitoring of planning will be used to inform the school improvement process.

The Targets Set for Children's Learning

The teacher reviews the children's progress towards their age related expectations at the end of each term/assessment period and sets the targets for the end of each assessment periods. The SLT and the class teachers review these targets and the progress which the children make, identify areas for development and include these areas in the school improvement plan. These are also shared through termly pupil progress meetings. The Head Teacher and Governing Body, in consultation with the Local Authority, review the progress which the school is making towards its National Curriculum targets.

The Targets Set in our School Improvement Plan

The Head Teacher gives the Governors a termly report in which she identifies progress against the targets within the SEF/RAP. The Head Teacher also supplies the Governors with termly budget updates. This allows the Governing Body to monitor and evaluate spending patterns against the priorities for improvement identified in the School Improvement Plan. The planning cycle involves the Governing Body in evaluating the progress of the current SEF/RAP. Governors have a clear view of the school's strengths and weaknesses.

Foundation Subject/Curriculum Monitoring

The SLT and Subject Coordinators monitor subject areas through lesson observations, pupil voice conferencing, scrutiny of work and standards. Subject Coordinators carry out a subject audit annually and make a judgement about attainment in their subject areas. The SLT will use this evidence to identify areas for improvement in the SEF/RAP. Each Subject Coordinator also keeps an up to date folder containing information regarding their subject area.

Monitoring and Evaluation as Part of the Teacher Appraisal Cycle

The Teacher Appraisal Cycle led by the Head Teacher and SLT provides a framework for implementing the processes of objective setting, planning, monitoring and evaluation from the School Improvement Cycle for all teachers and support staff on an annual basis.

Ofsted School Self Evaluation Form (SEF)

The SEF/RAP form will be up dated by the Head Teacher at least termly, s/he uses all the monitoring and evaluation evidence available to her/him to complete the SEF/RAP as accurately as possible. The School Governing Body monitor the SEF/RAP with the Head Teacher termly.
