

TOPIC: Animals, including Humans/Famous People through History

Religious Education

How should we care for others and the world and why does it matter?

- Identify a story or text that says something about each person being unique and valuable.
- Explore what Genesis 1 tells Christians and Jews about the natural world.
- Give examples of how Christians and Jews can show care for the natural earth and think about why they might look after the natural world. Think, talk and ask questions about what difference believing in God makes to how people treat each other and the natural world.

What makes some places in Cornwall sacred?

- Recognise that there are special places in Cornwall that are sacred to believers.
- Give examples of stories, objects and symbols used in churches which show what people believe.
- Talk about why some places are considered to be sacred in Cornwall and how communities celebrate this.
- Think, talk and ask questions about what happens at a sacred place.

Seasonal Enrichment

This term children will have the opportunity to...

- Explore learning outside
- Take part in a house day - beach / drama / art / forest school

Computing

The children will learn to...

- Use websites to find information about famous people.
- Direct Beebots around maps and objects.
- Develop word processing skills through writing a shared story.

Plants

Children will learn...

- To identify and name a variety of common wild and garden plants, including deciduous and evergreen trees.
- Identify and describe the basic structure of a variety of common flowering plants, including trees.

Maths

Number and Place Value

Count to and across 100.

Count, read and write numbers to 100 in numerals count in multiples of twos, fives and tens.

Identify one more and one less.

Identify and represent numbers using a number line.

Use the language of: equal to, more than, less than.

Read and write numbers from 1 to 20 in numerals and words.

Solve one-step problems involving multiplication and division.

Addition and Subtraction

Read, write and interpret mathematical statements involving addition (+), subtraction (-) and equals (=) signs.

Represent and use number bonds and related subtraction facts within 20.

Add and subtract one-digit and two-digit numbers to 20.

Solve one-step problems that involve addition and subtraction.

Measurement

Measure and begin to record lengths and heights, mass/weight, capacity and volume and time.

Recognise and know the value of different coins and notes. Tell the time to the hour and half past the hour and draw the hands on a clock face to show these times.

Geometry: properties of shapes

Recognise and name common 2-D and 3-D shapes including 2-D and 3-D shapes.

Describe position, direction and movement, including whole, half, quarter and three-quarter turns.

Fractions

Recognise, find and name a half as one of two equal parts of an object, shape or quantity.

Recognise, find and name a quarter as one of four equal parts of an object, shape or quantity.

Spirituality

This term our focus will be on...

completing a number of the '50 Experiences'.

learning about the whole school values

Practicing for a whole school Collective Worship given by our class.

Music

Children will have the opportunity to...

- Use their voices expressively and creatively by singing songs and speaking chants and rhymes.
- listen with concentration and understanding to a range of high-quality recorded music.
- experiment with, create and select and combine sounds.

British Values

The class will be exploring the theme 'Individual Liberty'.

The whole school value will be 'Forgiveness' and our Learning Power for the summer term is 'Noticing'.

This will be taught through PSHE lessons, Collective Worship and Circle Time sessions.
