Headteacher Ms Karen Martin

Summer Maths Competition!

Where do you see Maths in real life?

Is it reading the time on the clock in your kitchen?

Is it when weighing out ingredients for a recipe, or using ratio for making dinner for a large group of people?

Is it working out the change when you are shopping?

Is it calculating how many packets of sweets you need to fill your party bags?

The options are endless!

We want to see the most **interesting** and **surprising** examples of where you see **Maths** being used in **real life**.

You need to take a **photograph** and submit it along with a **short explanation** of what you have photographed and where you spotted the Maths.

Prizes will be awarded for the best entries in EYFS&KS1 and KS2.

Entries need to be handed in to your class teacher by
Monday 17th July

Good luck and happy Maths hunting!

Miss Rhodes
