Headteacher Ms Karen Martin

Friday 21st September 2018

Dear parents and carers,

The children in year 5 at The Grove have been selected to take part in a project run and funded by the Science Park. The first of two days will involve a tour of the Science Park followed by a workshop using Lego to explore possible future career paths. The second session, to take place in December, will have a Maths focus. Hummingbird and Toucan Class will attend separately and a delicious pizza lunch will be provided on the day!

In order to make the most of this wonderful opportunity and to arrive on time, **Hummingbird Class** must arrive at school at **8.30am on Tuesday October 2nd**. We will return in time for afternoon school.

Toucan class – will leave school at lunchtime on **Tuesday October 2nd** and will arrive back at the later time of **4.15pm**

As we will be walking to the venue, please ensure your child has suitable footwear and a waterproof coat.

If you have any questions please do not hesitate to speak to us.

Yours sincerely,

Mrs H. Harwood and Miss K. Ryan
