

Week 8– Home Learning Menu– EYFS

Our theme this week is...

Minibeasts!

Starters

Being Imaginative: Put on some music and dance like you are a Minibeast! How do you think a caterpillar would move? How would a butterfly move their wings?

Science: Go on a Minibeast hunt in your garden or when you are on a walk. Which Minibeasts can you see? Where are the Minibeasts living?

Art: Make your own 3D ladybird appear in your home!
Use the 3D ladybird to do an observational drawing! Which colours will you add?

Main Course

English:

Read or listen to 'Mad About Minibeasts!' by Giles Andreae and David Wojtowycz.
Choose your favourite Minibeast from the story. Design a poster with interesting facts about your Minibeast! Don't forget to draw a lovely picture!

Maths: Count how many Minibeasts you find while on your hunt!

Gather 4 items of food to share between 2 Minibeasts. How are you going to share them? How much food will they get each?

DT: Use junk modelling from around your house to create a home for Minibeasts to live in! Think carefully about what they need for a good, comfortable home.
What can you use to decorate your Minibeast home?

Computing: Practise typing the names of different Minibeasts.
Can you use the keyboard to make a capital letter?

Dessert

Speaking and Listening:

With your family make up nonsense rhymes about Minibeasts!
Here is one I thought of: Hello, I am a slug and my favourite place to sit is on your rug!

Moving and Handling:

Imagine you are a worm or a caterpillar. Can you travel around your house moving over or under obstacles?
