29th June 2021

Relationships Education

Dear Parents/Carers,

During the week commencing 12th July 2021, Year 3 children will be completing a unit of work focusing on the differences between male and female bodies, personal hygiene and how to prevent common illnesses as part of their Science and PSHCE (Personal, Social, Health Education & Citizenship) study.

We will be following the Cambridgeshire PSHCE scheme of work and believe that the materials deal with this matter in an objective, balanced and sensitive manner.

If you would like more information, please contact your child's class teacher.

Yours sincerely,

Mrs Wyatt (PSHCE Lead) & The Year 3 Team
