20<sup>th</sup> October 2020

Dear Parents/Carers,

During the week beginning 2<sup>nd</sup> November 2020, Year 6 children will be viewing a series of videos on the theme of 'Growing Up', as part of their Science and PSHE (Personal, Social, Health Education & Citizenship) study. These will include aspects of relationships education, as well as body changes and puberty. The videos will be followed up by teacher-led discussion.

The pupils will be covering the work normally done at the end of Year 5, but which did not take place due to school closure. It will focus on body change and puberty, along with personal hygiene.

We believe that the programmes deal with this matter in an objective, balanced and sensitive manner but, should you have any queries about this element of the curriculum, please do not hesitate to get in touch with us or the class teacher.

Yours sincerely,

Miss Gardner and the Year 6 Team
