Sennen School
Sex and relationship
education (SRE)
Policy

Reviewed January 2017

Policy Statement

SRE is lifelong learning process of acquiring information, developing skills and forming positive beliefs and attitudes about sex, sexuality, relationships and feelings (Sex Education Forum 1999).

Effective SRE can make a significant contribution to the development of the personal skills needed by pupils if they are to establish and maintain relationships. It also enables young people to make responsible and informed decisions about their health and well-being.

The 1996 Education Act consolidates all relevant previous legislation and states that all primary schools must provide an up to date policy that describes the content and organisation of SRE provided outside the National Curriculum Science Order. The DfEE Sex and Relationship Education Guidance (2000) supports this legislation and recommends that all primary schools should have a sex and relationship education programme tailored to the age and physical and emotional maturity of the children.

Other related policies and documents include the PSHE & Citizenship policy, Anti-Bullying Policy, Drug Education Policy and the Child Protection Policy.

Aims and Objectives

This policy is a working document which provides guidance and information on all aspects of SRE in the school for staff, parents/carers and governors. To be accessible to all of these groups the document needs to be available on request and presented in a way that is easy to understand.

Moral and Values Framework

The SRE programme at Sennen Primary School reflects the school ethos and demonstrates and encourages the following values:

- Respect for self;

- Respect for others;
- Responsibility for their own actions;
- Responsibility for their family, friends, schools and wider community.

Equal Opportunities Statement

The school is committed to the provision of SRE to all of its pupils. Our programme aims to respond to the diversity of children's cultures, faiths and family backgrounds. Equal time and provision will be allocated for all groups but there may be occasions where pupils with Special Educational Needs are given extra support from SEN staff.

Content

In Key stage 1 pupils learn to recognise similarities and differences between themselves and others, identify and share their feelings with each other, recognise safe and unsafe situations and identify and be able to talk to someone they trust (such as their class teacher, teaching assistant or the school's pupil support advisor). All staff are trained in procedures for safeguarding and follow guidelines set out in school with regards to reporting concerns to the Child Protection Officer — in the case of HPS the Headteacher

In Key stage 2 pupils learn to express their opinions about relationships and bullying and to listen to and support others, including respecting other peoples viewpoints and beliefs.

They learn to recognise their own worth and identify positive things about themselves and try to balance the stresses in life in order to promote their own mental health and wellbeing of others. Life processes are discussed including the physical changes that take place at puberty, why they happen and how to manage them.

A range of materials are drawn upon to ensure SRE is delivered to all children throughout the school and is tailored to each child's needs and level of understanding. In particular Sennen School will use 'The Henry Winter Project' resources and lessons plans. Supplemented by Channel 4's living and growing DVD's . The schemes of work for these are attached to this policy.

Ground Rules

When teaching any SRE lesson the member of staff leading the session must begin by reminding children of the ground rules for the session. Teacher discretion is encouraged in the interpretation of the rules relevant to their age range. They are as follows:

- Everyone should be listened to.
- People views should be respected, (No laughing at anyone's contribution).
- No personal information to be shared by staff or pupils.
- No questions of a personal nature.
- Scientific vocabulary only to be used.
- The teacher reserves the right to not answer questions immediately but return to them at a later date.

Organisation

SRE should not be delivered in isolation but firmly embedded in all curriculum areas, including Personal, Social Health Education (PSHE) and citizenship. At Sennen Primary School the main content is delivered in PSHE lessons.

SRE is normally delivered by class teachers in mixed gender groups other than when it is deemed more appropriate for topics to be covered in single sex groups. Active learning methods which involve children's full participation are used.

Occasionally, appropriate and suitably experienced and/or knowledgeable visitors from outside school may be invited to contribute to the delivery of SRE in school.

The Role of Visitors in regards to SRE

- Visitors are invited in to school because of the particular expertise or contribution they are able to make;
- All visitors are familiar with and understand the school's SRE policy and work within it;
- All input to PSHE lessons are part of a planned programme and negotiated and agreed with staff in advance;
- All visitors are supervised/supported by a member of staff at all times;
- The input of visitors is monitored and evaluated by staff and pupils. This evaluation informs future planning.

Sennen Primary School believes in the importance of training for staff delivering SRE. Staff are encouraged to access appropriate training and support to help them deliver effective SRE.

Specific Issues within SRE — Withdrawal

Parents/Carers have the right to withdraw their children from all or part of the sex and relationships education provided at school except for those parts included in statutory National Curriculum. Those parents/carers wishing to exercise this right are invited in to see the Headteacher who will explore any concerns and discuss any Impact that withdrawal may have on the child. Once a child has been withdrawn they cannot take part in the SRE programme until the request for withdrawal has been removed. All units of SRE will be preceded by a letter to parents information them of the up-coming unit. A meeting with parents will be offered allowing them the opportunity to view the resources that will be used in the delivery of SRE for their children, should there be the demand for this following the parental letter.

Confidentiality

As a general rule a child's confidentiality is maintained by the teacher or member of staff concerned. If this person believes that the child is at risk or in danger, she/he talks to the designated child protection person, who will make a decision regarding further action. The child concerned will be informed that confidentiality is being breached and reasons why. The child will be supported by the teacher throughout the process.

Child Protection and Safeguarding

The school has a separate Child Protection Policy. Effective SRE may bring about disclosures of child protection issues and staff should be aware of the procedures for reporting their concerns.

Controversial and Sensitive Issues

Staff are aware that views around SRE related issues are varied. However, while personal views are respected, all SRE issues are taught without bias. Topics are presented using a variety of views and beliefs so that pupils are able to form their own, informed opinions but also respect others that may have different opinions.

Dealing with Questions

Both formal and informal SRE arising from pupils' questions are answered according to the age and maturity of the pupil concerned. Questions do not have to be answered directly, and can be addressed during later class discussions or in small groups as appropriate. The school believes that individual teachers must use their skill and discretion in this area and refer to the Child Protection Coordinator if they are concerned.

Sexual Identity and Sexual Orientation

Sennen Primary School believes that SRE should meet the needs of all pupils regardless of their developing sexuality and be able to deal honestly and sensitively with sexual orientation, answer appropriate questions and offer support. Bullying is dealt with strongly yet sensitively. The school liaises with parents on this issue to reassure them of the content and context.

Dissemination

SRE policy is shared with all staff throughout the school and is available from the Headteacher on request from parents.

Assessing and Monitoring

The SRE policy is to be reviewed every 2 years and appropriate amendments to be made where needed. Information from staff, survey results and quantitative data will all feed in to the review of the SRE policy to ensure effectiveness and relevance.
