

Sycamore Term 2 2018 Curriculum Web

Maths

Addition and subtraction of numbers mentally & using written methods.
Multiplication and Division using concrete materials and then the written methods.
Reasoning and Problem Solving
Times tables 2, 5, 4 & 8's
Shape (2D and 3D) and angles
Statistics - to also link with Geography.

PSHE

Celebrating Difference

Understanding families & how they can be different
Managing conflict Anti-bullying week
Using kind, not hurtful words
Understanding other people's feelings

English

Fiction - Charlie & the chocolate factory - a quick recall of the story & then focusing on a chapter which did not make the book called Spotty Powder. Focusing on characters & descriptive writing. Planning & writing about our own character & their fate had they been in the story.

Non-fiction - An author study of Roald Dahl then the children will produce a biography about him.

DT

We are focusing on how to prepare and then cook seasonal fruit and vegetables.
Plus cooking our own Christmas cakes!

RE

Understanding Christianity unit - What Does it mean if God is holy and loving?

TERM 2 LEARNING LOG: Our Local Area

Please can you support your child to find out as much as they can, remembering that, although we don't expect them to work on them continuously, Learning Logs need to be in school each week on Friday so that the children can share their learning with their peers. Our Learning Log afternoon will be FRIDAYS. This term they could...visit somewhere in Warminster and the surrounding area and write a recount, make a Warminster / Wiltshire recipe to share with the class, write some facts about Warminster (population, things to do, why it is called Warminster), produce a Warminster History timeline, write a poem about Warminster, make a model of somewhere in Warminster labelling it.

PE

Hi 5 Netball from Acorn PE Teacher (Thursdays)
Hockey from Mr Basinger-Adams (Fridays)
But please ensure your kit is in every day!

Computing

Programming using the online tool of 'Scratch' - drawing an item and then making it move.

Science

Light and Shadows

Children will explore the differences between light sources and light reflectors, and know how shadows are formed.
Also, they will gain an understanding of the positive but also possible dangers to health/life that the Sun can bring.

Geography & History

Geography - Using google maps, Street view & a local walk to map the area near the school & the High street.
History - using maps to see how has Warminster changed & developed over time.
