

In this topic we will be covering traditional fairy tales and learning about the structure of stories as well as making our own fairy tale pictures.

MATHS

In Maths this term we will start by looking at number and place value before leading into addition and subtraction

READING

All children will be reading 1:1 with an adult 3 times a week and then we shall be enjoying a class story at the end of every day.

WRITING

During our writing sessions the children will be mark making using different tools and developing their fine and gross motor skills.

R.E

This term we will be thinking about what makes people special and how Jesus and Moses are special.

P.E

Our PE sessions are taken by an Acorn sports coach who comes in weekly. This term the children will focus on Fundamental Skills.

MUSIC

Music lessons will focus on listening to music and using words to describe how it makes us feel.

In this topic we will be covering traditional fairy tales and learning about the structure of stories as well as making our own fairy tale pictures.

SCIENCE

As scientists we will be learning about plants and that they are living things. The children will describe and compare common plants and learn vocabulary relating to trees.

HISTORY

As historians we will be looking at the features of a castle and comparing castles from around the world.

COMPUTING

As software developers we will be programming a floor robot to navigate its way around a map.

ART

As artists we will be looking at the work of Pienkowski and using his style to create our own fairy tale pictures.
