

Seasons: Knowledge Organiser

What I should already know?

- *There is different weather throughout the year
- *There are different times of the year
- *To be able to describe the daily weather

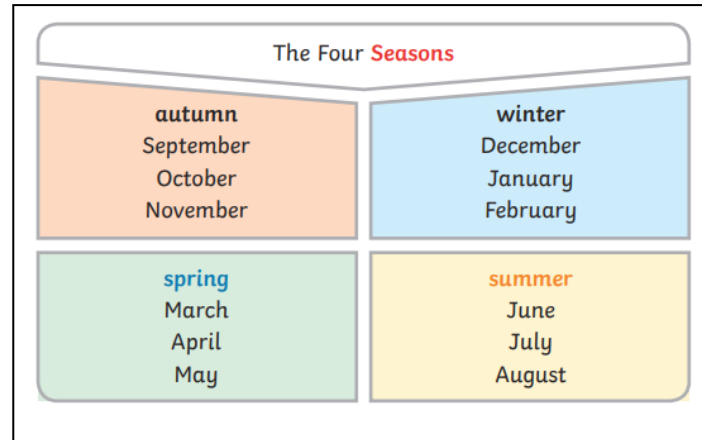

Knowledge, skills and concepts:

In this unit, the children will:

- Learn about the 4 Seasons

They will learn what the word weather means and how it can be measured

They will go on a nature walk to observe the season they are in and take photos to compare it with at different times in the year

Key Vocabulary

seasons	There are four seasons each year, autumn, winter, spring and summer .
spring	In spring , the weather starts to get warmer. The leaves begin to grow on the trees and some trees may blossom (have flowers). Plants begin to grow and you may see baby animals like lambs around. The daytimes start to get longer.
summer	In summer , the weather gets hotter. The daytime is long and the nights are short. Summer has the longest days. The trees are full of leaves and there are lots of flowers, bees, butterflies and other insects.
weather	The weather includes the temperature outside, the wind direction and strength, as well as rain, cloud, snow and sun.
daylight	Daylight is when it is light outside. The amount of daylight changes with each season .

Daylight hours each month:

Month	Sept	Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	June	July	Aug
Hours of Daylight	13	11	9	8	8	10	12	14	15	16	16	14
