

# SELF-EMPLOYMENT DISCOVERY

## PLYMOUTH

Decide if self-employment is right for you in this enterprise workshop, for the Naval community.

**1-DAY WORKSHOP: 10<sup>TH</sup> JULY 2019**

Whether you've already started working on your business idea or want to explore how enterprise skills can support your next career move, come along to this X-Forces Enterprise workshop.

Within a like-minded group, the day will take you through the key things to consider when starting a business including what self-employment means for you, your family and your finances, the personal attributes required and what support is available.

The workshop content also provides valuable skills and know-how for those who eventually prefer employment.

The fully-funded workshop is open to veterans, spouses and family members over 18 and attendees receive continued support for 12 months.

**" X-Forces has been tremendously helpful in guiding me as I sought to set up this business and hearing the inspiring stories of other businesses really helped me to decide to give it go. "**

Alan Lock - Royal Navy veteran,  
founder of Icarus Originals
