

Whose House Is It?

1. Give the 1st, 6th and 9th houses red doors.
2. Give the 2nd house a blue door.
3. Give the 3rd and the 8th houses a yellow door.
4. Give the last house an orange door.
5. Two houses next to each other have green doors.
6. The rest have brown doors.
7. How many houses are there?
8. The 11th house has a large tree beside it.
9. A blue car is parked outside the 4th house.
10. Put a chimney on all the odd numbered houses.
11. Put a cat in the window of the first house with a yellow door.
12. The second to last house has a lovely flower garden.
13. All of the houses, except the 7th and 9th houses have 2 windows.
14. Give each even numbered house a letter box.
15. There is an ice cream truck outside the 6th house. Two children are waiting to be served.
16. Draw fences between all of the houses.
