We have all had a lot of changes to get used to this week! Parking has been mentioned. Can drivers please park carefully and be mindful of local residents. If you are able to walk – please do so if convenient. We understand that it is very difficult as you are no longer allowed to park on school grounds. This is because we have had to put extra measures in place to keep pupils safe and in their bubbles at the start and end of the day. Thank you for your understanding.
