

HEAD PREFECTS

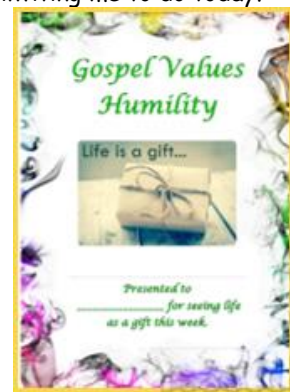

CONRATULATIONS to our 5 new Head Prefects! We are very proud of you all!!
RE - This week we have continued with our theme of commitment and have looked at vocations such as priesthood and being a Deacon. For those of you who know Mr Brown, he trained to be a Deacon and is now based in his parish church in Bridport. This week we wrote interview questions for him on how his life has changed and what commitments he has had to make.

Science - This week we finished our investigations on the impact of exercise on our bodies, in particular heart rate. The children produced some excellent graphs and learnt how to write up a science experiment.

Google Classrooms - please can I remind you to support your child with logging into Google Classrooms. If you are still having problems, please send them in with their email and login details and I will help them get in.

Finally, in case of a class or school lockdown we have sent home a learning pack that contains books and information for your child to use.

Thought for the Week: What is God inviting me to do today?

Maths (Due Wednesday)

This week the children have been excellent looking at equivalent fractions and simplifying fractions using the highest common factor. I have been very impressed and look forward to the rest of our fractions work! We have also completed some past maths SATs papers in class this week so the children have a taster of what to expect later in the year. They have approached these with a fabulous attitude. Well done! Their homework this week is revising multiplication.

IXL Maths link - Level 6 C.12 Multiplication

Literacy (Due Wednesday)

In English, we have started looking at the language features of newspaper reports.

In our SpaG, we have continued working with relative clauses (addition information that relates to the noun) as well as subordinate clauses and how to punctuate them.

We have also sat a past reading and SpaG SATs paper to get a taster of what they look like. Again, they have been brilliant! It has been a busy week in Y6 and they've worked incredibly hard! This week the homework is revising adverbs.

IXL English link - Level 6 E.3 - Identifying adverbs

Remember the expectation is for children to spend 30 minutes each week on the assigned English and maths activities.

Spellings on Google Classroom (Test on Friday)

Again this week, we have uploaded the spellings onto the Y6 Google Classroom! The children will need to go to the 'classwork' tab at the top of the page and respond to the assignment to show that they have accessed them. Good luck!

PE Next week our PE slots have changed (just for the week) to Tuesday and Friday. Please make sure you have your kit.

Other News and Reminders...

Reading Books

Please do remember to read as much as possible at home - it really does help. Please could I also remind you that children should have their reading records in school every day.

Times Tables Rock Stars

Please please please can you support your children in learning their times tables! Don't forget that TTRS is a brilliant and fun resource for practising these.

Topic Homework

Please can the children bring in their topic homework on Thursday next week. We will allocate some time to share what they have done and celebrate their work!

Also... Y6 have answered over 16,000 questions on IXL in the last 3 weeks! Wow!
