### Federation Objectives for 2019-20

- To continue to work together with a relentless focus on raising standards for all groups of children, in all schools across the federation
- To further develop our procurement procedures
- To develop additional community links with local organisations (including universities and secondary schools)
- To maximise communication between the schools to drive forward whole school improvement
- To promote well-being and the part we can play in ensuring everyone is fully supported and can fulfil their role efficiently and effectively
- To continue to consolidate and further develop cross-school links
- To develop collaboration between the caretakers/site managers
