Autumn 2019

Dear Parent/Carer (of children in Reception Year, Years 1, 2, 3, 4, 5 & 6)

Re. Childhood Flu Immunisations - Academic Year 2019/20

The Immunisation Team will be visiting your child's school to administer the nasal flu vaccination, if you have given your consent, on:

Tuesday 26th November 2019

If you have given your consent for your child to receive this vaccination please could you inform us if:

- Your child is wheezy on the day of vaccination or has been wheezy in the three days prior to our visit
- Your child is asthmatic and has had to increase his/her asthma medication since you returned the consent form
- There have been any other changes to your child's health since you returned the consent form
- Your child has received a flu vaccination from their GP

Your consent form needs to be returned to your school at least 2 weeks before the date above. If we receive the consent form after this time, your child will be asked to attend one of our drop-in clinics to obtain their flu vaccination.

Please note that we cannot accept any change in consent within 2 working days of the clinic date given above.

If your child is not immunised in the clinic at school and you would like them to receive the flu vaccine, please contact us on the number above.

During the flu season, we will be posting information about the immunisation programme on social media and we would be very grateful if you could share these posts.
