

## Communication and Language

### Superworm:

Watch 'Superworm' using this link- <https://www.youtube.com/watch?v=0keNDquvZEE> or read the book if you have it at home.

### Rhyming Words

Talk about the language in the book. Does it rhyme? Can you spot any rhyming words - make a list of these if you would like and add some of your own rhyming words to the list.

### Story Events

Discuss the book with your child and talk about what happens in the beginning, middle and end of the story.

What is their favourite part of the story? Promote discussion throughout the book; how might Superworm be feeling?

## Literacy

### Letter Formation

Recap on letters learned so far:

m a s d t i n p g

Can you remember the rhymes we say when we are forming these letters? Use the formation sheet to help you. Can you find any of these letters in your home or on a walk?

Practise writing them using this to help you -

<http://www.ictgames.com/mobilePage/skyWriter/index.html>

We like playing phoneme pop in class so why not try it at home.

<https://www.ictgames.com/phonicsPop/index.html>

Can you pop the letter it shows?

## Expressive Art and Design

### Can you make your very own Superworm

Using materials found from in and around your home can you make your very own Superworm. I would love to see pictures of your Superworm so please send them to me using this email [nursery.ellington@school360.co.uk](mailto:nursery.ellington@school360.co.uk)

Click [here](#) to see some examples.

## Nursery Week 3- Minibeasts

### Superworm

## PSED

Make a card for someone you are missing. Draw fun things you have been doing whilst you have been at home. This might be a friend from nursery or a family member.

Can you post their card and make them smile?

## Numeracy

Practise writing your numbers 0-6. Can you take a picture to show me? Remember to hold your pencil correctly to make forming the letters easier.

### Ordering lengths

Can you order these worms in order of size? Which one is the smallest, which one is the longest?

Can you make your own worm that would be the smallest/longest?

See worksheet.

## ICT

Please use some links from weeks 1 and 2 for activities we use at school.

### Minibeast Shadows

Can you practise identifying different minibeasts with this Minibeasts Shadow Matching Activity

<https://www.twinkl.co.uk/go/resource/minibeasts-shadow-matching-activity-tg-343-newlink>

## Physical Development

### Fine motor skills

Using a pen or pencil follow the tracks to make a worm to improve your fine motor skills. Simply draw a line along the path, connecting the two images on each page See worksheet.

If it is tricky you could try it with your finger first before you use a pencil.

### Colouring

Can you practise your fine motor skills by colouring this picture? Try and stay in the line and think about what colours you need to use. Colour Superworm worksheet.
