

Maths - (45 minutes)

LO: I can explore 2D shapes

Can you name and label these 2D shapes?

How many vertices and sides does each shape have?

Maths task: Can you design a building using 2D shapes, for Shanghai with 6 vertices?

Can you design a building using 2D shapes, for Shanghai with 12 vertices?

Can you design a building using 2D shapes, for Shanghai with 20 vertices?

Can you design a building using 2D shapes, for Shanghai with 15 vertices?
