## Amazing Fact

When Charles Darwin first came across Galapagos tortoises, he tried to ride them, without much success!

## Challenge

The Galapagos Islands have a wide range of animals and birds living there. See if you can find them all in the Galapagos word search provided.

You could also try to find out:

- who Charles Darwin was;
- what his theory of evolution involves;
- about the geography and wildlife of the Galapagos Islands;
- which animals have been ridden by humans and which might still be tried.
