

Name _____

Maths Activity - Length.

Here is a fun maths activity that your child can do at home.

Draw a mouse -about $\frac{1}{2}$ width of a sheet of A4 paper. Cut out the mouse.

Find things longer than the mouse and draw them in the 'longer than' box.

Find things shorter than the mouse and draw them in the 'shorter than' box.

Find things about the same length and draw them in the 'about the same length' box.

| Longer than the mouse. | Shorter than the mouse. | About the same length. |
