Cornwall

24th March 2020

Dear Parents/Carers,

### **Re: Coronavirus update**

Thank you to all our parents for your understanding in this very difficult situation we find ourselves in. As you know we were offering provision for critical workers and vulnerable children originally, although the latest government advice was to keep children at home where possible. To this extent we have no children in school and so our school site will be closed as of Wednesday 25<sup>th</sup> March.

### **Free School Meals (Pupil Premium children only)**

Communication has been sent out regarding the provision we made yesterday and today for free school meals, and I am pleased to say that food boxes have been collected today for the week. This will cease over the Easter Holidays and we will be in touch again regarding arrangements for the week beginning 13<sup>th</sup> April. I am hoping to secure vouchers for after the holidays but will update you nearer the time.

### **Communication**

We will continue to be available via email, please email teachers directly in regards to year group work and then myself with any other queries. Please appreciate this time of uncertainty we will communicate whole school updates as and when we can.
