We, An Daras Multi Academy Trust registered at Unit 4 Tamar Business Park, Pennygillam Way, Pennygillam Industrial Estate, Launceston, Cornwall, PL15 7ED, are the 'Data Controller' for the purposes of data protection law. Our Data Protection Officer is Glyn Pascoe (see 'Contact us' section below).

What is a 'privacy notice'?

It's your right under data protection law for you to be informed about how organisations use your data. A privacy notice is often called a 'fair processing notice' and is designed to inform individuals when data about them is collected, held and processed. This privacy notice is designed to explain how we collect, store and process parent / carer data.

Typical examples of personal data are:

- Contact details such as name, address, phone numbers, email addresses
- Date of birth
- Gender
- Safeguarding information
- Usage data relating to interactions with our IT systems

The above list should be viewed as a non-exhaustive list and additional data may be stored where it is deemed relevant. Information may also be received from other organisations such as schools, authorities or the DfE (Department for Education). In addition, certain 'special categories' of more sensitive data may also be stored, including (but not limited to):

- Family circumstances
- Health data, both physical and mental
- Details of any support provision with third parties such as social services or external bodies
- Ethnicity and languages spoken

- To help support pupil learning and development by reporting progress
- To provide pastoral care and keep you informed

- To process any financial transactions and payments
- To ensure pupil welfare and safeguarding
- To comply with the relevant laws around data sharing and statutory reporting
- To assess and improve the quality of our teaching and support systems
- To carry out research

Where you have given us permission, we may send you information by email, text or post promoting events, campaigns, charitable causes or services that we believe may be of interest to you. You are able to withdraw your consent, known as 'opting out' of these communications at any time, either by following unsubscribe instructions or by contacting our DPR to formally withdraw your permission.

What is our lawful purpose?

Data must only be collected and processed when allowable by law. Typically this is when:

Some of the reasons listed above for collecting and using your personal data may overlap, and there may be several grounds which justify our use of this data.

How is information collected?

Personal data will fall into two categories: mandatory (in as much as you must comply with the request to provide the data) and optional (where there is a choice whether to supply information or not). As a Data Controller, we must highlight to you which of the above scenarios is applicable.

How is data stored?

Personal data is kept secure and is retained for the duration of your child's attendance at our Multi Academy Trust. Certain data may be retained after the pupil leaves the Multi Academy Trust in order to comply with our legal obligations.

A copy of this schedule can be obtained from The [Information and Records Management Society's Toolkit for Schools](#).
