The Coads Green Primary School Newsletter

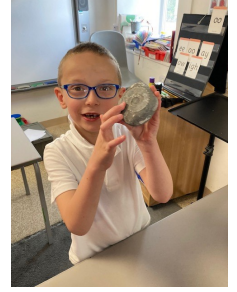

Monday 4th October 2021

The school council will be starting up Tuck Shop again every Wednesday from the 13th October. Maximum per child is 50p

Class 1 have been searching outside for seasonal changes. We found things that remind us of Summer and things that told us that Autumn is here.

Class 2 have been learning about the different types of rock and how they have changed over thousands and millions of years. We have been grouping them into the three types- igneous, sedimentary and metamorphic.

On Monday 27th September 2021, class 3 had a Victorian day. On this day we practiced the 3rs - reading, writing and arithmetic. I liked the clothes they wore, the lessons they had and watching people get punished. However I didn't like not talking and being really strict.

Magnus McLeman—Year 6
