

Welcome to Aurora Class Page

Our teacher is called Miss Humphries.

We are really lucky to have a variety of adults supporting our learning throughout the week: Mrs Marker, Mrs Wilkins and Miss Francis.

Did you know a group of polar bears is called an 'Aurora of polar bears'? That is where our class name comes from!

Class Dojo

We love earning Dojo Points in class. We can earn points for demonstrating our whole school learning behaviours: creativity, curiosity, independence, reflection, resilience and teamwork. Every time we are 'caught' using these learning behaviours we receive a Dojo point from the teachers. We can collect Dojo points to earn rewards. Our Class Dojo is linked to our parents and we can share our learning directly with them.

We use the **Read, Write, Inc** phonic programme to teach the children how to read sounds and words fluently. Please find below a link to the Read, Write, Inc web page. The creator of this scheme has put lots of useful resources on there for parents.

REN Reading

This year, we are working hard on our reading skills. When the children have completed a book, they can log on to their REN learning area using the link below and complete a quiz about it. The children can also log on a home and complete quizzes. They all have their own user name and passwords. They can show you all of the books they have read and all of the quizzes they have passed.

<https://play.ttrockstars.com/login/67543> and enter your child's log in details

This term our topic is **Ready, Steady, Grow**. We will be planning and doing investigations into what a plant needs to grow. We will also be looking at plants in our school grounds and thinking about the plants we find in our local area. We will make a moving information booklet showing all that we have learnt.

Art

Look at our wonderful polar bears on display.. We used our finger prints to paint, so all the polar bears are unique – just like all of us!
