

# ClassDojo

At Ashfield Nursery School we are going to be using a program called 'ClassDojo'.

'ClassDojo' can be used from a mobile phone as an app, or on a computer, laptop or tablet.

'ClassDojo' offers a way for parents to talk to their children's teacher privately and so that remote learning during this time can be personal to your child.

As a school we hope that this will help parents to stay in contact with their children's teachers and offer a more private space to share learning from school to home and home to school.

We are hoping this will make sharing information with our parents, and home learning with our children a little simpler during this time.

Teachers will be contacting parents from Monday 11<sup>th</sup> January 2021 to update email addresses and support parents to get connected.

Below is the website address if you would like to take a look at ClassDojo for yourself.
