Dear Parent / Carer

Parent/carer and children / young people's views about returning to school

Newcastle Council would like to know what you think about the support that could be offered to children / young people as they start to return to school.

We know that you and your child may already have filled in a survey sent to you by your school. We think it is important to also know what people think across all schools. This will help us to know how central education services can best support children and young people. This could be through services we deliver or through the work we carry out with schools.

We would be really pleased if you and your child / children would fill in the surveys that can be found at the links below.

There is one for parent / carers

and one for children and young people.

The surveys are anonymous and should only take about 10 minutes each to complete, if that. We are hoping to get responses in as quickly as possible, so would be grateful if you could complete the survey by 27th May.

Yours sincerely,

Jill Bauld
