

## HESWALL TOPIC THEME OVERVIEW (2 Year Rolling Programme)

Heswall Primary School follows a dynamic, reactive curriculum. Changes may be made at any point in the year, in response to events or experiences locally and globally. This will ensure that children are consistently given the very best learning opportunities. SLT, Subject leads and teachers will carefully monitor any changes made to ensure full coverage of the National Curriculum is achieved by the end of each year. Planning for each topic is done half termly, in collaborative teams, on a two year rolling programme in KS1/2. Our annual topic theme intentions are shown below. Each theme will begin with a question. Teachers will plan in a cross curricular manner, using a key 'vehicle' narrative/non narrative text to underpin their topic. We aim to encapsulate as many curriculum areas in each topic as possible, however we recognize that all links must be relevant there may be some curriculum objectives that need to be taught in isolation. A topic medium term plan will be produced and posted on the school website each half term. This plan will fully outline the curriculum coverage of each topic.
