The Prince of Wales School

...where we are all inspired to learn

...where every child matters

SEND POLICY

Adopted by the Governing Body on Monday 2nd September 2019

INTRODUCTION

All schools must have a Special Educational Needs (SEN) and Disability Policy; also known as a SEND Policy. This is a duty set out in the *Special Educational Needs and Disability Code of Practice: 0 to 25 years* (Jan 2015).

A SEND Policy explains how a school will identify and support pupils with special educational needs (SEN) and disabilities.

This is the SEND Policy for **The Prince of Wales School**.

SPECIAL EDUCATIONAL NEEDS AND DISABILITY

The *Special Educational Needs and Disability Code of Practice: 0 to 25 years* (Jan 2015) explains that a pupil has special educational needs (SEN) if:

- they have a learning difficulty or disability which makes it much harder for them to learn than other pupils of the same age; and
- they require special educational provision to be made for them.

There are four main areas of SEND:

- communication and interaction needs
- cognition and learning difficulties
- social, emotional and mental health difficulties
- sensory and/or physical needs

A disability is described in law (the Equality Act 2010) as 'a physical or mental impairment which has a long-term and substantial adverse effect on a person's ability to carry out normal day-to-day activities.'

More detail about SEN and disability can be found on [Dorset's Local Offer](#).

ROLES AND RESPONSIBILITIES

The governing body ensures that the school meets the duties set out in the *Special Educational Needs and Disability Code of Practice: 0 to 25 years*. The Governors with oversight of the arrangements for SEN and disability at our school are: Barbara Thomas and Emma Moysey. They can be contacted via the school office (office@princeofwales.dorset.sch.uk).

Our Head teacher, Mr Gary Spracklen, has overall responsibility for SEN and disability at our school. His duties towards pupils with SEN and disability include:

- liaising with the SEND Leader to ensure that pupils with SEND receive effective targeted support where necessary
- monitoring progress of children with SEND with class teachers and the Special Educational Needs Co-ordinator (SENCo) to ensure accelerated progress
- supporting the SENCo with the most effective deployment of TAs to match pupil needs.

Our Special Educational Needs Coordinator (SENCo) is Mrs Julia Bishop.

Governing bodies of maintained mainstream schools and the proprietors of mainstream academy schools (including free schools) **must** ensure that there is a qualified teacher designated as SENCo for the school.

The SENCo has an important role to play with the headteacher and governing body, in determining the strategic development of SEND policy and provision in the school. They will be most effective in that role if they are part of the school leadership team.

The SENCo has day-to-day responsibility for the operation of SEND policy and co-ordination of specific provision made to support individual pupils with SEND, including those who have Education, Health and Care (EHC) Plans.

The SENCo provides professional guidance to colleagues and will work closely with staff, parents and other agencies. The SENCo should be aware of the provision in the Local Offer and be able to work with professionals providing a support role to families to ensure that pupils with SEND receive appropriate support and high quality teaching.

The key responsibilities of the SENCo include:

- overseeing the day-to-day operation of the school's SEND policy
- co-ordinating provision for children with SEND
- liaising with the relevant Designated Teacher where a looked after pupil has SEND
- advising on the graduated approach to providing SEND support
- advising on the deployment of the school's delegated budget and other resources to meet pupils' needs effectively
- liaising with parents of pupils with SEND
- liaising with early years providers, other schools, educational psychologists, health and social care professionals, and independent or voluntary bodies
- being a key point of contact with external agencies, especially the local authority and its support services
- liaising with potential next providers of education to ensure a pupil and their parents are informed about options and a smooth transition is planned
- working with the headteacher and school governors to ensure that the school meets its responsibilities under the Equality Act (2010) with regard to reasonable adjustments and access arrangements
- ensuring that the school keeps the records of all pupils with SEND up to date

Parents can contact our SENCo by e-mail: j.bishop@princeofwales.dorset.sch.uk

The SENCo has completed the required training and has been awarded the National Award in Special Educational Needs Co-ordination.

The SENCo leads an Intervention team which consists of:

Mrs Paula Thompson is our Senior Teaching Assistant with responsibility for children's physical needs. She liaises with our physiotherapists, occupational therapists and Speech therapists, and ensures that Teaching Assistants are able to carry out therapy programmes and that your child can access all aspects of school appropriately. This includes self-care plans, toileting programmes, risk assessments, People Emergency Evacuation Plans (PEEPS) and manual handling issues.

Mrs Emma Hibberd is our Senior Teaching Assistant with responsibility for children's medical needs. This involves liaising with parents about their child's medical conditions as well as ensuring all staff are fully aware and trained. She also co-ordinates our programmes of intervention for children with social / communication difficulties and our Learn to Move, Move to Learn programme for children with co-ordination problems.

Mrs Linda Scott is our Maths Intervention Leader who is trained to deliver the First Class @ Number Maths intervention.

Mrs Di Bernard and Mrs Sally Long are experienced in delivering Literacy and Maths Learning Programmes, following children's assessment by the SENSS (Special Educational Needs Specialist Service).

Mrs Tracy Brooker is a trained ELSA (Emotional Literacy Support Assistant). She is able to support children with social and emotional difficulties, such as friendship skills, self-regulation, self-esteem, anxiety and bereavement. Mrs Brooker is also experienced in delivering SENSS Learning Programmes.

All staff are trained to deliver the Read Write Inc Phonics Programme, and staff in Years 2-4 are also trained to deliver the Spelling Programme.

CONSULTATION

This policy was developed in consultation with:

- Pupils with SEN and disabilities
- Parents
- Governors
- All school staff

Parents are offered an opportunity to meet formally with teachers and the SENCo each term as part of scheduled parent discussions sessions. Additional appointments can be made, as required, by arranging with the class teacher and/or SENCo.

Parents of children with an Education, Health and Care Plan will also be invited to an Annual Review where the progress, current provision and future needs of their children will be discussed.

VISION AND AIMS

The Prince of Wales School wants all our pupils to feel welcome, valued and included in the school community. We have high aspirations for our pupils with SEN and disabilities and will provide them with high quality learning opportunities to ensure that they achieve their best. We also want to help our pupils with SEN and disabilities to develop a positive view of themselves so that they can become confident individuals and go on to live fulfilling lives by making a successful transition into adulthood. We will endeavour to fully involve our pupils with SEN and disabilities in all decisions that affect them, so that they can help us to identify what works for them and reflect on what doesn't.

The views of our pupils and their parents are especially important to us and we will take these into account when consulting on, implementing and reviewing this policy.

To achieve the above, we will:

- create an atmosphere of encouragement and acceptance in which all pupils can thrive
- be sensitive to individual pupils' needs and celebrate achievements
- enable each pupil to take part and contribute fully to school life
- provide access to and progression within the curriculum
- involve pupils in planning to support their SEN or disability
- work in partnership with parents to support children's learning and health needs
- provide quality training for staff that enables them to support pupils with SEN and disabilities

OBJECTIVES

The Prince of Wales School will do its best to ensure that the right provision is made for each pupil with special educational needs and disabilities. We are committed to discovering and providing the best learning conditions for each pupil.

In implementing this policy, our goals are to:

- identify all pupils who have SEN and disabilities at an early stage
- ensure that pupils with SEN and disabilities have their needs met and that they make progress
- work in line with the *Special Educational Needs and Disability Code of Practice: 0 – 25 years* (Jan 2015)
- provide support and advice to all staff who work with pupils with SEN and disabilities
- operate a whole school approach to meeting SEN and disabilities, in which all members of the school community have an understanding of their role
- ensure that pupils with SEN and disabilities join in with all the activities of the school alongside their peers

- adopt a 'person centred approach' to supporting pupils with SEN and disabilities, ensuring that pupils and their parents are fully involved in decisions which affect them
- ensure there is effective partnership working with outside agencies when appropriate.

ADMISSION ARRANGEMENTS

The Prince of Wales School follows the Local Authority procedures for school admissions. This arrangement is mindful of national requirements supporting all children, including those who are disabled, in a fair and non-discriminatory way, when securing admission to school.

IDENTIFYING SPECIAL EDUCATIONAL NEEDS

Our teachers are responsible and accountable for the development and progress of the pupils in their class, and we have systems in place to ensure that special educational needs are identified as early as possible. We start by:

- providing teaching that is of a high quality
- regularly assessing our pupils' progress and targeting areas of difficulty
- adjusting work for pupils who need this.

As necessary, we also:

- Provide focused small group learning in the class setting
- Provide focused 1:1 learning in the classroom setting

If a pupil continues to struggle with the curriculum despite the above support, we will consider whether they have a special educational need.

To do this we will:

- arrange termly liaison meetings between individual staff and the SENCo
- carry out termly tracking of children's progress (teachers and the SENCo)
- look at results from Reading and Spelling tests
- carry out informal progress tests
- use parental feedback from Parent Discussions or additional contact

This is a process involving the class teacher, SENCo, parents and the pupil.

If it is decided that a pupil has SEND and requires special educational provision (provision that is additional to and different from that which is available to other pupils at the school) they will be added to the **Monitoring Register** to review their progress and needs closely. The provision given at the **Monitoring** level will be individual to each child according to their SEND, but it could include:

- targeted 1:1 or small group intervention outside of classroom learning for Phonics Reading, Writing, Spelling, Maths, Handwriting, fine and/or gross motor skills
- targeted 1:1 or small group support in class from a Teacher or Teaching Assistant

If a child is already receiving outside agency support following referral by a GP, (eg. they are under the care of a paediatrician, Children's Therapy Service or the Vision Support Service or Hearing

Support Service are involved), he/she will be added to the main section of the SEND Register under the category of **SEN Support**.

Within the school setting, it may be decided that a referral to outside agencies would be beneficial to support a child's needs (eg. the Special Educational Needs Specialist Service - SENSS; the Occupational Therapy Service; the Speech and Language Therapy Service; the Community Paediatric Service; Behaviour Support Service). This would follow discussion with parents. These children would also be added to the SEND Register under the category of **SEN Support**. The provision given at SEN Support will be individual to the child, according to their needs, but could include:

- a specialist learning or exercise programme delivered by our trained and experienced Teaching Assistants
- 1:1 or small group targeted support in class from a Teacher / Teaching Assistant

We will involve parents in decisions about the support to be provided for their child by sharing Provision Maps and Individual Learning Plans at Parent Consultation sessions.

Children with in-school support will have a **Provision Map**, with targets that are reviewed every term, and updated, as appropriate.

Some will have an **Individual Learning Plan**, for children who need more focused targets with smaller steps. This will be reviewed every half term, with targets up-dated, as appropriate.

The Prince of Wales School will support most pupils with SEND at the level of SEN Support. However, some pupils with more severe, complex and long term SEND may need an Education, Health & Care (EHC) Plan, especially if they have not made progress at SEN Support. If we feel this is the case, we will discuss this with parents.

Parents can also contact the class teacher/SENCo if they feel their child might need an EHC Plan.

EHC Plans are issued by the Local Authority following an Education, Health and Care (EHC) Needs Assessment request, submitted by the school, which is agreed by the Special Educational Needs Panel.

The Prince of Wales School will work with parents and other services to request an EHC needs assessment where it is felt this will be beneficial.

Further details about the assessment process and EHC Plans can be found on Dorset's Local Offer.

Sometimes other factors can affect a pupil's progress but are not considered to be a special educational need, for example: attendance and punctuality, ill health, English as an additional language, looked after children, service children, behaviour (where there is no underlying SEN) and bereavement. These needs will be addressed appropriately using other processes and strategies.

SUPPORTING PUPILS WITH SEN AND DISABILITIES

At **The Prince of Wales School**, we use the "Assess, Plan, Do, Review" approach to support pupils with SEN and disabilities. This is also known as the graduated response. It helps us to learn more about the pupil and what helps them to make good progress. The four parts of this approach are as follows:

1. **Assess** – as already outlined above, we assess the pupil's needs; listening to the views of the pupil and their parents, and other professionals as we do so
2. **Plan** - the teacher and our SENCO will plan the support needed, involving the pupil and their parents. A review date will be agreed
3. **Do** – our SENCO will help the class teacher to support the pupil. They will think about the pupil's strengths and weaknesses and how best to help them. The teacher will also work with any teaching assistants or specialist staff involved
4. **Review** – everyone, including the pupil and their parents will decide how effective the support has been. We will then adapt the support in light of the pupil's progress.

If needed, during this process, we may ask for advice from specialist support services, such as the County Psychological Service, Speech & Language Therapy Service, Special Educational Needs Specialist Service, the Behaviour Support Service and Children's Therapy. Parental permission will always be sought prior to this.

Children with an EHC Plan have an **EHC Support Plan**, written by the class teacher, with short-term targets drawn from their EHC Plan, along with 'next steps' from their Early Years curriculum or National Curriculum objectives.

Children's progress is tracked and analysed every half term. The class teacher then reviews progress made towards achieving targets on the EHC Support Plan, and sets new targets, as appropriate.

Additionally, pupils with EHC Plans have an **Annual Review** held at the school, each year. The pupil, their parents and any relevant professionals are invited to this. Annual Reviews at **The Prince of Wales School** are person centred and focus on the pupil's progress. They also:

- consider whether the outcomes in the EHC Plan are still appropriate
- review the special educational provision in place
- review any health or social care provision currently in place
- consider whether the EHC plan is still needed.

A report of the meeting is sent to the Local Authority.

Further detail about Annual Reviews can be found on Dorset's Local Offer.

COMING OFF THE SEND Register

A pupil will be removed from the SEND Register if it is decided that they have made sufficient progress and are able to access the curriculum successfully. However, they will continue to be monitored in case any issues arise. Some pupils may dip in and out of SEN Support and parents will be consulted at each stage.

Following the Annual Review of an EHC Plan, the Local Authority will decide whether to keep the EHC Plan as it is, amend it or cease it, based on the recommendation of the Annual Review meeting. If it is decided to cease an EHC Plan because the pupil no longer requires the special

education provision within it, we will continue to monitor the pupil's progress using the school's tracking systems.

TRANSITION ARRANGEMENTS

The Prince of Wales School is committed to ensuring that parents have confidence in the arrangements for pupils entering the school, progressing through year groups and when transferring to their next school.

We liaise closely with our Pre-School (**The Prince of Wales Pre-School**) and other feeder Pre-Schools, and therefore have detailed knowledge of most of the children who enter our Reception class each year. Where children enter the school from other Pre-School settings we arrange visits to ascertain if there are any additional needs. We also make sure, through our parent/carer questionnaire that we find out about all children's additional needs. This information is shared with the SENCo. In some cases, information is passed to us from an external agency such as Portage, the Speech and Language Therapy Service or Children's Therapy.

At the end of each year, transfer meetings are arranged to share information about children with SEND in which teachers and support assistants pass on details of children's additional needs to the next teacher and support team. It is also the responsibility of the SENCo to ensure that new teachers are informed via the up-to-date Register of all children with SEND in their class.

During the course of Year 4, we begin the process of liaising with receiving Middle schools to facilitate a smooth transition for children with SEND. The SENCo liaises closely with the SENCo, Year 5 teachers and pastoral staff at Dorchester Middle School to ensure that transition is smooth for all children, particularly those who might be vulnerable at this point. There is a Transition Mentor for St. Osmund's Middle School, and this person provides similar support for children moving to this setting.

For children moving to other Middle Schools and Special School settings, the class teacher and SENCo will liaise closely with teaching staff and the SENCo by passing on detailed information about individual children outlining any special educational needs and provision. Meetings will be arranged, as required. This may include visits by staff from the new setting to see children in their current setting at The Prince of Wales School.

All documentation is passed on to children's new setting.

TRAINING AND RESOURCES

The Prince of Wales School aims to keep all staff up to date with relevant training, in relation to the needs of pupils with SEN and disabilities. Funding is set aside to support continued professional development.

Training needs are identified through analysis of need with the SENCo and Senior Leadership Team ensuring that training opportunities match school priorities. The SENCo will also provide information on specific special educational needs for new staff. Additional training may also be arranged to support pupils with specific medical needs and will be arranged with relevant medical professionals.

AND MANAGING INFORMATION

All data including data stored electronically is subject to Data Protection law.
All paper records will be held in line with the school's policy/protocol on security of information.

LINKS TO OTHER INFORMATION

This policy closely links with other policies, plans and information produced by **The Prince of Wales School** and these are outlined below.

Accessibility Plan

In line with the Equality Act 2010, we are implementing an Accessibility Plan which sets out how we will:

- a) increase access to the curriculum for our disabled pupils
- b) improve the physical environment of the school to increase access for our disabled pupils and
- c) make written information more accessible to our disabled pupils by providing information in a range of different ways.

Our Accessibility Plan can be found on the school website:
(www.princeofwales.dorset.sch.uk).

Supporting pupils with medical conditions

In line with the Children and Families Act 2014 and the associated guidance, *Supporting pupils at school with medical conditions* (Dec 2015), **The Prince of Wales School** makes suitable arrangements to support all pupils with medical conditions, so that they have full access to the same opportunities as their peers, including school trips and physical education.

Our 'Supporting Pupils with Medical Conditions' policy can be accessed via the school office.

SEND Information Report and Local Offer

This policy, along with our annual SEND Information Report (a summary of how this policy has been implemented over the previous year), forms our 'local offer' of support for pupils with SEN and disabilities at **The Prince of Wales School**. You can find all this information on our school website.

Information about our school can also be found on our record on the Family Information Directory, part of Dorset Council's website.

Further information about the support available to all children and young people in Dorset with SEN and disabilities, and their families can be found on Dorset's Local Offer.

MONITORING AND EVALUATION

Our SEND Information Report will provide an annual account of the implementation of this policy, detailing how we have identified and supported pupils with SEN and disabilities.

This policy will therefore be kept under regular review but it will be fully updated every three years. Pupils with SEN and disabilities and their parents will be involved in this process by discussion at our 'Parent Forum' events.

Others involved in this process will include: staff and Governors

We will evaluate the success of our policy through:

- our Self Evaluation Form (SEF)
- feedback from our pupils, parents and professionals working with the school
- analysis of lesson planning to take account of differentiation
- progress data, including use the school's tracking system and comparative national data to monitor the level and rate of progress for pupils with SEN and disabilities
- success towards outcomes included on SEN Support and EHC Plans
- external evaluations or inspections.

COMPLAINTS

It is hoped that all situations of concern can be resolved quickly through discussion and early action. If at any point a parent has concerns about how their child's needs are being met, they should contact their child's class teacher in the first instance. However, if a parent feels that their concern or complaint has not been dealt with satisfactorily, an appointment can be made to speak with the SENCo or Headteacher.

Further details can be found within our Complaints Policy which is available on our website.
