Science News

Dear Parents

Planting Working Party Needed

We have been given some native hedge saplings to plant in our school grounds to create some wonderful hedge habitats for local wildlife. Once grown, they create a fabulous place for the children to sit and observe local birds and look for mini-beasts.

We have around 60 saplings to plants and so I am appealing for anyone who is available this Sunday, 17th May between 11:30 – 13:30, who can come along with a spade and help plants some of these.

I will need to know in advance who is planning to come so that I can complete the relevant Risk Assessments for Health and Safety reasons.

Please contact the office and let them know if you are able to come to help and how many of you will be coming.

I really appreciate your help and please bring your own spade.

Many thanks in advance.

Mrs Gale

Science Coordinator
