Indoor Athletics Competition – The Weald School

17 children Year 5 and 6 took part in an indoor athletics competition held at The Weald on Wednesday after school. They took part in teams, doing 6 track events and 6 field events. All of the children showed great team work and excellent listening skills throughout and should be really proud of the way they conducted themselves. We are definitely proud of all they achieved. The girls came joint 1st in the track events with St Marys Pulborough and the boys came joint 2nd with Rudgwick, which meant in the track events we came an overall 2nd missing the top spot by a narrow margin of points. In the field results the girls and boys came 3rd in their respective groups. A huge well done to all who took part - it was fantastic to see them enjoying themselves and the high level of athletics on show.
