

World Maths Day 2021

Wednesday 3rd March

Maths is all around us and we use it all the time. Take a look around you, what maths can you see? We use maths to help us count points on games, tell the time, measure ingredients, share, count money and so much more!

To celebrate maths we would like you to design and create a maths hat.

Get Creative! Your hat can be any shape or size and could include numbers, symbols or maths resources.

Here's some inspiration...
