Dear Parents and Carers,

I hope you are well and that your Easter has been as good as it can be.

Since I last emailed you, the school has remained open throughout what would have been the holiday period for a small group of pupils operating out of Trenance Learning Academy. They have been great, as have the staff who have continued to come in on a rota basis. I'd like to thank them, and the staff at Trenance, for providing this essential service over Easter. We will continue to operate our essential child care service from Trenance for the foreseeable future.

In addition, I hope you enjoyed the Easter messages from Rev Lee posted on our various social media platforms over the Easter weekend. We will continue use Twitter and Facebook to promote useful links, information and signpost support as needed.

For those on free school meals, I hope the voucher system is working for you at your chosen supermarket. If anyone has any issues regarding the system, please let us know and we will do our utmost to help.

The teachers are working hard to continue to provide distance learning opportunities via the school website, Class Dojo and Google classroom. Our intention is to provide fun activities to keep the children busy and part of the school community – they are optional and flexible. We are well aware of how tricky it can be to help with distance learning and work from home at the same time.

It's my intention to use our school newsletter to update you all on a weekly basis unless there is anything further. Should you have any questions or queries please use our support structure through Class Dojo and our normal contact details listed at the top of the letter.

Yours sincerely

Adam Richards
Headteacher
