20th April 2020

Dear Parents and Guardians

Today the government has backed the launch of a generous online bank of resources for teachers and parents known as Oak National Academy. Our teachers will be exploring this resource and they will ensure they incorporate any lessons as appropriate into our own home learning packs. We do not expect you to use these national resources in addition. Your teachers will signpost you to anything that compliments the existing work we have set.

Please visit the school website, open the home learning page, for current and ongoing updates for learning at home.

https://www.padstowschool.org/web/home_learning/459811

Yours faithfully

Jenny Brooks
