Dear parents and carers

I would like to share with you the latest government announcement re: COVID-19

“The government has announced that we are moving out of the contain phase and into delay, in response to the coronavirus outbreak.

As per the current advice, the most important thing individuals can do to protect themselves remains washing their hands more often, for at least 20 seconds, with soap and water. Make sure you cough or sneeze into a tissue, put it in a bin and wash your hands.

We are asking anyone who shows certain symptoms to self-isolate for 7 days, regardless of whether they have travelled to affected areas. This means we want people to stay at home and avoid all but essential contact with others for 7 days from the point of displaying mild symptoms, to slow the spread of infection.

**The symptoms are *A high temperature (37.8 degrees and above)
*A new, continuous cough**

You do not need to call NHS 111 to go into self-isolation. If your symptoms worsen during home isolation or are no better after 7 days contact NHS 111 online at 111.nhs.uk If you have no internet access, you should call NHS 111. For a medical emergency dial 999.”

Please be assured that we continue to follow the advice we receive daily from our advisers. We are promoting the messages re: hand washing & sneezing etc with the children.

Please do not call asking about closures. As soon as we have information we will inform you.
