24th January 2020

Dear parents / carers

HOME- LEARNING

Y6 are working hard in their preparation for Y7. We know that they need to know and recall the content that they are being taught.

We are sending you this pack of revision facts so that you can see what your child needs to remember and you can help your child revise.

We are not setting weekly class homework tasks, although we may send individual tasks. We would like your child to continue reading five times a week and now to spend 5 short sessions revising and retrieving.

Your child's success requires team work from family, child and school. We are a three-legged stool holding up the cup of success: if one leg fails, the cup runs dry.

Regards

Ms C Temple
Headteacher
