Year 1 and Year 2 Local Walk

Year 1 and Year 2 have started the year with brand new topics including our geography topic 'Our local area.' As part of this topic, the children took part in a local area walk around the school grounds. Throughout this walk, we looked at the features of our local area and recorded them on our own maps. We took extra care to make sure our maps were accurate, using the names of the roads as our guide. Some of the children used their compass to navigate around the walk, providing feedback to their peers about which direction they were now travelling in.

The children were very excited when they spotted streets that they knew of and were keen to share their experiences of the school's local area.
