What are the hazards?	Who might be harmed and how?	What are you already doing?	Do you need to do anything else to manage this risk?	Action by whom and when?	Completed
Possible contamination in school environment.	<b>Pupils, staff, visitors, and the public becoming infected with COVID-19:</b>	Hand sanitiser to be available at reception for visitors to use on arrival. Ventilation is to be maintained either by mechanical ventilation adjusted to increase the ventilation rate where possible, and natural ventilation (fresh air) by opening windows. Windows should be fully opened. Internal and external doors can be kept open to assist as this will increase ventilation.	<ul style="list-style-type: none"> <li><b>Parents/carer table will be set up near the classroom door. Staff will be positioned distantly at a separate table</b></li> <li><b>Staff and Parents/carers will remain distant at all times.</b></li> <li><b>Fire doors are to be kept open when the room is occupied and staff will be responsible for closing them when leaving the area.</b></li> </ul>	All relevant staff	
Possible contamination from a symptomatic person on site	<b>Staff or visitors becoming infected with COVID-19:</b>	Symptomatic person should not be on site – see first section. Should a staff member or visitor arrive at school or become symptomatic whilst at school they will be required to leave site immediately.	<ul style="list-style-type: none"> <li><b>Communicate information regarding how to obtain a COVID-19 test</b></li> <li><b>Cleaning of any surfaces the symptomatic person may have touched, to be conducted immediately.</b></li> </ul>
