Class News

Menabilly Class

We hope you enjoyed your snow days, the children have written some great Snow Day posters telling us about the fun they had. Next week we will be looking at 'Peter Rabbit'. During the next two weeks the children will have many opportunities to explore the different characters in the story and the emotions they show. We will also be using forest school as a chance to detect and find different animal foot prints. In Maths we will be thinking about time and how quickly we can do things in a minute, this will also include looking at days of the week and months of the year. If the children are unaware of the month they were born in please could you take the time to discuss this with them.

Porthpean Class

Next week, we will start to learn about the Easter story in R.E. In maths, we will be learning how to count in 2s forwards and backwards. We will be looking at particular recipes in topic and discussing where the Ingredients have come from, ready to do some baking during the week after.

Pendower Class

We have had a great week this week learning more about our topic. Next week we will be participating in Science week. This will involve planting different seeds and bulbs, investigating our bug hotel and making bird feeders. If children have spare wellies that can be bought into school for the week, please bring them in a clearly labelled

bag.

Charlestown Class

Next week in Year Three for Science Week we will be exploring, investigating and experimenting to find out more about magnets, forces and the human body, health and exercise. We will also be learning how to interpret and present data using a variety of charts and tables.

Whipsiderry Class

Next week in English we will be looking at the features of playscripts and how they can be created. In maths we will be working with fractions and with it being science week, we will have a science day on Thursday.

Porthcurnow Class

It is now less than 2 weeks until that 5am alarm clock call and Year 5 embark upon their exciting trip to London! Children will be working in research groups next week to find out as much as they can about some of the key attractions they will be visiting. They will then be presenting what they have learnt to the rest of their class! On Monday we have Daya visiting the class for our 'R.E day' focusing on Sikhism. Year 5 will get the opportunity to cook and sample some traditional food and will learn what day-to-day life is like for Sikh child. As part of British Science Week, children will get 'hands on' with some practical investigations and experiments- potion making!

Next week's virtue is..... Respect

An act of giving particular attention

Next week in maths we will be learning to multiply fractions by whole numbers. We will be recapping how to convert mixed and improper fractions to help us when adding, subtracting and multiplying fractions.

Pentewan Class

After a fantastic snowy end to last week, year 6 returned to school this week to complete our survival instructions. In maths, we have reviewed our recent practise SAT papers and have begun our next unit of work focussing on algebra which will continue throughout next week. We enjoyed belated celebrations for World Book Day on Wednesday, including some inspiring presentations of pupils' favourite books accompanied by superb character costumes. We are deeply disappointed to have had to postpone our trip to Bronn Winneli but will hopefully confirm a date soon for the summer term. As part of science week next week, we will be investigating the most effective methods of collecting water in the wild.

British Science Week

Next week is British Science Week and the theme is Exploration and Discovery. All classes will be carrying out some exciting scientific investigations within their classrooms. If your child would like to enter our competition they need to design an A4 poster about Exploration and Discovery and hand it into Mrs Ridpath by the end of next week. Please ensure your child has their full name and class on the back of the poster. Thank you!

Attendance

Reception	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6	School
96.43%	99.67%	96.45%	96.00%	95.71%	89.23%	97.60%	95.87%

7th May Bank Holiday—school closed

28th May—1st June Half Term holiday

20th July Last day of term—School finishes at 1:30pm

Trailblazers News 09.03.18

Sharing Great News!

Tuesday 6th March we were visited by Alison Cox an Early Years Support Assistant in preparation for our upcoming OFSTED inspection. Alison was extremely pleased with the development of the nursery, she commented that all staff was well deployed and attentive to the children. All children were focussed and engaged in a variety of activities. Alison was happy that the previous OFSTED actions had been implemented and embedded into daily routines. Alison said she could see a huge difference in the outside area, as now there are more opportunities to extend children's learning during outdoors play.

Damselflies This weeks "star of the week" is Charlie, well done Charlie! Next week we will be learning through the story of "The Three bears".

Dragonflies This weeks "star of the week" is Darcee, well done Darcee! Rosie bear has gone home with Tia, we hope Rosie bear behaves well for you Tia! Next week we will be Looking at Three little pigs

Healthy lunches

We have noticed that a few lunch boxes contain a large amount of unhealthy food. Please can you try to provide your child with some sort of sandwich/wrap (carbohydrate), fresh fruit/vegetables (vitamins/fibre). This website will give you more ideas <http://www.eatwell.gov.uk/>

Please can I remind you to bring in nappies, wet wipes and it is always good to have plenty of changes of clothes. Can you also include socks please?

All children should come to nursery with named belongings, e.g. coat, shoes, socks, wellies, packed lunch box, drinks bottle etc.

Please can any toys from home be taken back home so they do not get lost

Elaine Taylor

Nursery manager
