Learning Project - to be done throughout the week

The project this week aims to provide opportunities for your child to learn more food. Learning may focus on where different foods originate from, what makes a healthy meal, opportunities to cook etc.

- **Let's Wonder:**

What is a balanced diet? Find out about the 5 food groups. Make slides or posters about what they find out about. [Carbohydrates Protein Dairy Fruits and Vegetables Fats](#). Where does their food come from? Which foods come from the UK?
[What is fairtrade?](#)

- **Let's Create:**

Make repeated pattern prints for decorative purposes using various natural materials, e.g potato printing or create some still life observational sketches of fruit. Look at the artwork of [Giuseppe Arcimboldo](#) Maybe recreate some of his paintings with fruit.

- **Be Active:**

Food provides us with energy and we need energy to exercise and this keeps us fit. Why not choose a dance from [Supermoves?](#)
Recommendation at least 2 hours of exercise a week.

- **Time to Talk:**

As a family, design a healthy meal plan for the week. Discuss their favourite foods and why they enjoy them? Talk about healthy and unhealthy foods and explain the importance of eating a balanced diet.

- **Understanding Others and Appreciating Differences:**

[Lunch around the world.](#) Look at lunch around the world and investigate how differently people eat in other parts of the world. Find out what a vegetarian is? Vegan? Kosher food? Halal food?

- **Reflect:**

Make a meal by combining a variety of ingredients using a range of cooking techniques.
Measure and weigh ingredients appropriately to prepare and cook a range of savoury dishes.
