

Remote Learning Plan

All our children have returned to full-time education in September 2020 following school closures due to Covid-19. We hope that the majority of our children will have an uninterrupted experience. However, there is the possibility that individual children, a class bubble, or the whole school, will need to self-isolate or there will be a local lockdown, for a period of time. Therefore, the school has put in place a plan for remote learning so that all children can continue with their education. This meets the expectations set out in the DfE guidance 'Remote Education Support'.

All of our children have a Google account. This allows them to have access to the Google Classroom and to maintain contact with class teachers and other staff through email and Google Meet. It is important all children, and parents, know how to access this Google account. If you need any assistance with this, please contact Mrs. Kapp in the school office.

The school website has a dedicated page for remote learning. On this page will be important information regarding remote learning during absence from school. If a child does not have access to a computer/laptop and/or the internet, the school will do all it can to support children and will provide paper packs of learning. It is important parents have made the school aware of any barriers to accessing remote learning.

The class teacher will have planned learning activities that will enable the child/children to continue the learning journeys they had started in the classroom. This remote learning will be on the Google Classroom. Children in Y1-Y6 may be invited, via email, to join lessons via Google Meet where appropriate, or there will be video clips to watch teaching key skills, as well as a range of activities to be completed. Key websites we may use for remote learning are IXL, BBC Bitesize, Twinkl, EdShed, Pobble 365 and Hamilton. We may also use Reading Eggs, Reading Explorer, Primary Resources, Phonics Play and TT Rockstars. It is expected a child will follow the school timetable. If it is the class teacher who is unwell, there may be some differences with this provision. The daily timetable will include:

- Maths
- Reading
- Writing
- Spelling, punctuation and grammar/Phonics
- Curriculum Lessons
- Story Time- children will be invited to join the class story via a Google Meet at the end of each school day

- Assemblies- children will be invited to join the Friday Celebration Assembly via a Google Meet
- Daily Reading- Oxford Owl have a wide range of online books which children can access to continue their daily reading

Feedback will be given to the children via the Google Classroom.

EYFS

Class learning packs will be on Tapestry.

SEND

If a child has SEND and has specific learning interventions and support, we will aim to continue this provision in an adapted form online if appropriate.
